EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John R. Benefiel on February 7, 2007.

The application has been amended as follows:

In claim 1, in line 10 after "said housing" deleted "comprised of two pieces" and replaced with --being split along its longitudinal axis to define two mating pieces--.

2. The following changes to the drawings have been approved by the examiner and agreed upon by applicant:

In Figures 4 and 10, the cross-section of element **16** should have a rubber cross-hatching based on the material of such element.

In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

3. The following is an examiner's statement of reasons for allowance:

As to claim 1, Automobiles Citroen (FR 2 355 197) discloses the claimed combination with the exception of the housing being split along its longitudinal axis to define two mating pieces assembled and affixed together, each piece having an isolator

Art Unit: 3679

engaging portion generally opposing an isolator engaging portion of the other piece, the portions together compressing the isolator therebetween to create an interference fit between the housing pieces and the isolator as the two pieces are moved together to be assembled and fixed together in gripping engagement with the isolator, the control rod surrounded by the compressed isolator so as to prevent any contact between the control rod and the housing when the control linkage is operated.

There is no teaching or suggestion, absent the applicants' own disclosure, for one having ordinary skill in the art at the time the invention was made to modify the combination as disclosed by Automobiles Citroen to have the above mentioned elemental features.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael P. Ferguson whose telephone number is (571)272-7081. The examiner can normally be reached on M-F (8:00-5:00).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Daniel P. Stodola can be reached on (571)272-7087. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
